## SERVICE TERMS AND CONDITIONS 4.1.4

1. **Terms and Conditions.** All terms and conditions contained herein are applicable to the Services provided by OneStream Networks either directly or as agent or reseller for other third party providers at OneStream Networks' sole discretion. The stated terms and conditions contained herein are not intended to supersede any other service and/or maintenance agreement(s) that may be executed for additional customer requirements, including, but not limited to the installation, maintenance, and/or warranty of customer equipment, such as data switches, routers, or end points as defined on separate Agreements. Any such Agreements shall remain independent from and shall not interfere with these Terms and Conditions, except where this Agreement enforces control over any conflict.
2. **Price and Payment.** (a) Customer is responsible for and agrees to pay OneStream Networks ("ONESTREAM NETWORKS") for OneStream Networks Services ("Services") at the rates specified on the Service Agreement or on an Addendum to the Service Agreement, or on any other amendment hereto executed by the parties. Services the parties agree to add hereto after the Effective Date shall be added to the Agreement at the ONESTREAM NETWORKS' list prices in effect at that time unless otherwise agreed by ONESTREAM NETWORKS. Usage charges including but not limited to above normal business use, inbound toll free, outbound long distance, outbound international calling, calling card calls and one-time charges shall be billed at the end of the month in which they are incurred. (b) Monthly recurring charges shall be billed in advance, in the month preceding the month to which such charges apply. All charges are due and payable immediately upon Customer's receipt of ONESTREAM NETWORKS' invoice. Failure to pay any sum when due may result in ONESTREAM NETWORKS issuing to Customer a five (5) day Service disconnect notice, interruption of Services or termination of this Agreement pursuant to Section 10 below. A charge of one and one-half percent (1.5%) of the amount owed shall be added to each full or partial month that payment is not made starting on the thirty-first day after the date of invoice. (c) If Customer disconnects Services, or if OneStream Networks disconnects Customer's Services for Customer's Default, as defined herein, Customer shall still be responsible for the monthly fees for the balance of the remaining months; and ii any associated unpaid usage charges. The "remaining months" shall be defined by A) the term commitment as indicated on the customer's signed services agreement, and B) the date on which the service was actually rendered active "Acceptance Date"; which is typically the date that the customer's local circuit(s) (i.e. the T1) was accepted for service. This date is typically approximately 6 weeks after the signature date of the signed services Agreement. This "acceptance date" marks the commencement date for the customer's commitment term period for the purpose of determining early termination liability. (d) If Customer has a bona fide, good faith dispute with any of the amounts on an invoice ("Disputed Amounts") (not to exceed twenty percent (20%) of Customer's invoice), Customer must pay all amounts not in dispute as set forth above, and provide OneStream Networks with a written request for a billing adjustment together with all supporting documentation within sixty (60) days from the first day of the month of the invoice on which the disputed amount first appeared. Any advance payments may be applied against Customer's past due amounts.
